SENATOR SAVAGE: Any questions? The motion is to advance the...LB 786A. All in favor vote aye, opposed vote nay. The board isn't recording, Mr. Clerk. Will you please vote for the advancement of LB 786A. Please cast your votes. Have you all voted? Have you all voted? Senator Savage voting aye.

CLERK: Senator Savage voting aye.

SENATOR SAVAGE: Please vote. Will you...record.

CLERK: 26 ayes, no nays on the motion to advance, Mr. President.

SENATOR SAVAGE: LB 786A is advanced. Now we go to Select File, isn't that right, Mr. Speaker? The agenda calls for motions, the Clerk tells me and a thirty minute limit. It looks like Senator Chambers is at bat for the reconsideration of LB 65.

SENATOR CHAMBERS: Mr. Chairman, because they are trying to get to some of these bills, I'll let my motion be passed over. If I can't get to it that is fine. But, I'll try tomorrow and then maybe something on Select File can be gotten to. In other words, it doesn't matter whether I take up my motion today or tomorrow.

SENATOR SAVAGE: Thank you, Senator Chambers. If there are no objections, it is so ordered. There is a motion on the desk.

CLERK: Read P. Lewis motion.

SENATOR SAVAGE: Senator Lewis.

SENATOR F. LEWIS: Mr. President, again the point has been made clearly that we spend a lot of time on General File, and that is interesting. However, we have one day left for Select File and that is tomorrow. There are a number of very important bills on Select File. Several of which I have an interest in and I will just refer to one, LB 965, which is the Governor's Emergency Fund, in terms of how we are going to handle that situation. That is a very important bill. We have probably got 4 days worth of work up there on Select File and I am taking up part of the time with it now. But, I think that we ought to go right over there right now, and I think that we ought to get to Select File and go to 6:00 or whatever is necessary, but the motion says 6:00 now. I move the motion.
